Mr. Curtis R. Reitz
Program Director
Radio Station WXPN
Philadelphia 4, Pa.

Dear Mr. Reitz:

As agreed upon at the Ivy Network convention in New Haven last Spring, WYBC is going to make an attempt to carry the away games which Yale plays with Penn, Dartmouth, Princeton, and Harvard. The purpose of this letter is to inquire as to your interest in carrying our broadcast of the Yale vs. Penn basketball games a week from today.

As I understand it WPEN has approached the local outlet which carries our games, WNHC, asking information concerning the broadcast of the game in New Haven. I believe their original plan was to send their own men up to do the program, but WNHC has informed them of the operations of the Yale Basketball Network, and perhaps WPEN will join us in doing the broadcast. If they do, I imagine you could work something out with them, thus saving WXPN the cost of part of the line. For your information I have enclosed a copy of the broadcasting procedure for the Network.

I can assure you of excellent and experienced basketball announcers. If you have some pull at WPEN, I would appreciate your putting in a good word for us, as it might be a factor in their decision to send their men or carry our broadcast.

Thank you for your co-operation.

Cordially yours,

Howard Eaton, Jr.
Program Director
